

Gibraltar PowerLED

An attractive and durable dome light fixture that is suitable for general interior illumination. It utilizes Imtra's latest PowerLED technology to give new life to a classic design. Available with a highly polished stainless steel bezel and solid frosted glass lens. This surface-mounted light has its own integrated on/off switch, or is fully dimmable with Imtra's PWM dimmer and a momentary switch.

Gibraltar PowerLED

FEATURES

- All stainless steel construction
- Integrated drive electronics and on/off switch
- Solid glass frosted lens
- Double gaskets for splash-proof protection
- PWM dimming interface
- Easy surface-mount installation with screws
- No radiated heat

BENEFITS

- Substantial power savings
- High lumen output (equivalent to 25W halogen)
- Cooler cabin temperatures
- Maintenance-free; no more bulb changes
- No external driver required
